Sinopsis

Let's Enjoy the Trip is a new method specifically tailored to the needs of students studying vocational training courses in Tourism (**Ciclos Formativos de la familia profesional de Hostelería y Turismo**).

The content of this course follows the syllabus of these studies. It provides students with the necessary basic skills in the English language to help them succeed in today's professional world of Tourism.

With *Let's Enjoy the Trip*, students can practice both the receptive and productive skills of the foreign language —listening, reading, writing and speaking— through up-to-date texts and motivating meaningful activities.

This **student's book** also includes grammar and vocabulary exercises so students can also use it as a workbook.

Besides individual and class work, students will also be required to work in teams to search for extra information in order to expand their knowledge: projects, websites, etc. Special emphasis is placed on developing oral skills, as communication in English will be crucial for their professional development.

Key features include:

- Varied topics related to the field of Tourism.
- Extensive and specific vocabulary used in context.
